FINANCIAL POLICIES

Patient Insurance Responsibility: I understand that as a patient, I am responsible for fully understanding my health insurance policy, including: co-pay, deductible, benefits, and co-insurance related costs. I understand that any applicable co-pay or deductible amount will be due upon check-in. We strive to be as accurate as possible when calculating your responsibility but, with so many variations in policies and fee schedules, we are not always exact.

Financial Policy: I understand that I am financially responsible for any co-pays, deductibles, coinsurance and charges which are not covered by my insurance. I understand that verification of coverage is not a guarantee of payment of benefits. My insurance company determines benefit payments.
_____ **INITIALS**

Forms: I understand there will be an additional $50 charge for forms deemed appropriate (FMLA, Disability, etc.) that need to be filled out by a Provider without an appointment.
_____ **INITIALS**

Non-Sufficient Funds: I understand there will be a $25 charge for any check returned due to non-sufficient funds.

Collection Policy: I understand that I may be turned over to collections for further processing if a payment has not been made on my account within 90 days. NO ADDITIONAL APPOINTMENTS WILL BE MADE ON DELINQUENT ACCOUNTS UNTIL THEY ARE CURRENT. In the event that my account is transferred to a licensed collection agency; I agree to pay the fees of the collection agency equal to a maximum of 50% of our outstanding balance at the time the account is placed with the collection agency; interest of 10% per year will be accrued on the principal balance. Should legal action be necessary to collect the account, I agree to pay attorney fees and court costs incurred for collection.

Specimen Handling: Any specimens collected in-house will be sent to a contracted lab based on the health insurance provided by you at time of service. Specimens may be split and sent to different facilities as needed. Specimens are collected and tested to determine diagnosis and treatment, while it is considered medically necessary we cannot guarantee that your health plan will cover the service. While we make every effort to use the proper medical coding, coverage is ultimately determined by your health plan.
